Flexmaster's – **THE INSPECTOR SERIES – TAB DOOR** is manufactured with G-90 galvanized steel to meet the highest **quality standards required by SMACNA HVAC access door. THE INSPECTOR SERIES – TAB DOOR'S** strong frame construction provides for a solid installation as its outer frame tabs are formed around the sheet metal duct and then the self sealing inner door is put into place and locked by turning the pre-installed cam latches. The outer TAB DOOR frame is 22 gauge, galvanized steel, formed, notched and hemmed. The double sided insulated R-4.2 inner door is constructed of 24 gauge galvanized steel.
