

CONNECTING & INSULATION ELEMENTS SPECIAL CLAMP FOR MASTER-CLIP HOSES

Clip-Grip Hose Clamp, Screwable

Material

- Clamp band: 201 stainless steel
- Screw casing: 201 stainless steel
- Bridge: 201 stainless steel

Applications

- Special clamp for securing all hose types from the Master-Clip hose series to connectors on mobile and stationary units

Properties

- Rust-resistant
- Easy to install
- Robust
- Primarily tight and tear-proof connection via bridge profiles

Construction

- Hose clamp with one or more worm-gear drive
- Hexagon head screw
- One or more spot-welded bridges

Standard Production

- Diameter: 1.52" to 36"

Available on Request

- Other clamping ranges
- Reinforced clamps with additional bridges

Torque

- Maximum recommended installation of torque is 42 lb.-in. (4.7 Nm)

Note: damage may occur to the clamp or connector if tightened above maximum recommendation.

Master-Clip Hose Dia (in.)	Clamping Range (in.)	Product Code
1.52" to 36"	1.52" to 36"	530-038-100 to 530-900-100

The Clip-Grip clamp is only suitable for securing hoses in the Master-Clip hose series. We recommend our standard clamp with worm-gear drive or our heavy-duty clamp with bolts for securing other spiral hoses.
